

# Instruction manual

## Smart WiFi Socket Nous A8

You will need Nous Smart Home App. Scan the QR code or download it from [direct link](#)

### PRECAUTIONS

- Read this manual carefully.
- Use the product within the temperature and humidity limits specified in the technical data sheet.
- Do not install the product near heat sources such as radiators, etc.
- Do not allow the device to fall and be subject to mechanical loads.
- Do not use chemically active and abrasive detergents to clean the product. Use a damp flannel cloth for this.
- Do not overload the specified capacity. This may cause short circuit and electric shock.
- Do not disassemble the product yourself - diagnostics and repair of the device must be carried out only in a certified service center.

## How to add your device to the Nous Smart app

1. Plug in the device
2. Make sure that indicator is blinking rapidly(if not, hold power button for 5 seconds until it starts blinking fast)
3. Turn on Bluetooth and Location on your phone(temporarily)
4. Open Nous Smart app
5. Press + and Add device
6. Autoscan will appear and it will suggest you to add new device
7. Confirm connection and your WiFi network data
8. Start pairing
9. After pairing is done, you can rename your device if you wish and its ready to be used
10. If autoscan does not see your device, you can pick it manually from the list and proceed to connection from step number 7.

# How to connect your device with Alexa

1. You have to have Alexa app on your smartphone
